ADAPTATIONS DURING THE PERIOD OF SUSPENDED FACE-TO-FACE TEACHING DUE TO COVID-19

Teaching methodology:
- Theoretical-practical sessions online

Communication channels:
- Blackboard Collaborate, Moodle and e-mail

Theoretical teaching activities: Competences and learning results according to the verification report.

Practical teaching activities: Competences and learning results according to the verification report.

Evaluation system: Only the final examination is modified as follows:

1 essay question, typically accompanied by a short text that serves as a trigger for discussion. It should take not more than 2h to complete. The exam will be provided via moodle.
