DETAILED INFORMATION ABOUT THE COURSE

Context of the course
Contribution to the professional profile of the degree
This course examines the interplay between marketing and society and vice versa. In particular it enhances students' critical skills while contributing to developing system thinking. This course will further develop analytical and problem solving skills as it will help students to understand the key challenges we are facing, critically reflect on its causes and propose solutions to address them. To sum up, this course contributes to foster an ethical marketer, thus contributing to the ideal graduate profile sought in job markets
Prerequisites
Previous knowledge of Marketing fundamentals (4 Ps)
