

FICHA TÉCNICA DE LA ASIGNATURA

Datos de la asignatura	
Nombre completo	Law and new technologies
Código	E000012810
Nivel	Intercambio
Cuatrimestre	Semestral
Créditos	3,0 ECTS
Carácter	Obligatoria (Grado)
Departamento / Área	Área de Derecho Mercantil Departamento de Derecho Económico y Social

Datos del profesorado	
Profesor	
Nombre	Alejandro Padín Vidal
Departamento / Área	Centro de Innovación del Derecho (CID - ICADE)
Correo electrónico	apadin@icade.comillas.edu

DATOS ESPECÍFICOS DE LA ASIGNATURA

Contextualización de la asignatura
Aportación al perfil profesional de la titulación
This course is aimed at offering a broad and in-depth understanding of the legal aspects of the technology and how different technologies are impacted by the law. It starts with an introduction of technology and the regulation of technology and includes the explanation about the legal challenges that appear with most cutting-edge technologies developed in the last years, and how they affect the law and the digital economy.

Competencias - Objetivos

BLOQUES TEMÁTICOS Y CONTENIDOS

Contenidos – Bloques Temáticos
