

Course	
Name	Transnational Dimensions of Migrations
Degree	Official Master's Degree in International Migration
Year	2024-2025
Duration	Annual
ECTS credits	3,00 ECTS
Character	Obligatory
University	Comillas Pontifical University
Professor/Responsible	Valeriano Esteban Sánchez

COURSE SPECIFICS

Context of the course
The objectives of the course is aimed at the acquisition of knowledge concerning the management of international mobility articulated from the States, international organizations and international civil society. This general objective focuses on developing theories and approaches around the concepts of governance, diasporas and transnational processes.

Competences – Goals	
Competences	
GENERAL	
CB-06	To understand and value the perspective of other cultures and customs, recognizing the cultural and human diversity, appreciating its value and breadth, and to be able to manage this cultural diversity in different professional fields.
CB-07	To know the structure and functioning of the labor market in contexts of emigrants' origin and reception and the role of the labor market in the different migration systems.
SPECIFIC	
CB-08	Knowing the law of foreigners and immigration in the world's immigration systems.
CB-09	To understand the general aspects of integration and social cohesion in complex immigrant receiving societies.
CB-10	Knowing the educational rights of migrants and possible educational paths, especially in culturally diverse receiving environments.
CB-11	Analyzing the social evolution of families and populations that have emerged from immigration.
CB-12	Knowing the symbolic dimension of human mobility: Religion, ethnicity, diversity, conflict. Acquire a basic knowledge of the theology of migration.

CB-13	Knowing the link between migration and development and cooperation for development, both in sending and receiving environments.
LEARNING OUTCOMES	
RA-01	Knows the structure and functioning of the labor market in the different systems migration.
RA-02	Understands the functioning of the dual labor market, and issues related to underground economy.
RA-03	Knows and understands the international protection of the immigrant worker.
RA-04	Knows the basic legal concepts of the legal systems of foreigners and immigration of the migratory systems of reference.
RA-05	Understands the evolution of the legal regulation of immigration in the migratory systems of reference and knows the concepts related to integration and social cohesion.
RA-06	Understands and applies the theories and models of integration in the two major conceptual explanatory systems.
RA-07	Use the integration indicators to research and innovate on this process. Knows the educational rights of immigrants. -Understands the educational systems of the countries of origin and reception of immigrants.

METHODOLOGY ASPECTS

HOURS OF WORK			
ON-SITE HOURS			
ONLINE HOURS			
Online tutorials: brief theoretical presentation by the teacher of the contents of the program and reflection on the more complex sections, providing relevant information to the student	Personal study of the student who will work on the concepts dealt with in the study document or in the master classes, reviewing the work done and taking multiple-choice tests where students identify the correct answer within a limited series of alternatives.	Completion of a practical case study in which the student's competences that the student will be assessed. The case will be carried out on a real issue related to the subject matter of the subject	Individual final work, carrying out the main evaluation exercise where the knowledge acquired in the subject must be applied
3.75	45.00	7.50	18.75
CRÉDITOS ECTS: 3,0 (75,00 horas)			
EVALUATION AND SYSTEM OF EVALUATION			
Evaluation system of signature	Evaluation criteria	Maximun weights	
Carrying out case studies related to the subject	As indicated by the teacher	70%	
Participation in the evaluable forum of the course	As indicated by the teacher	30%
