DETAILED INFORMATION ABOUT THE COURSE

Context of the course
Contribution to the professional profile of the degree
<p>The course Global Marketing presents several contents essential for professional development of those students that are interested in international environments. It is for this reason that this course contains the key aspects for the marketing plan fulfilment in a global environment, from the objectives development and their strategies, till the action plan that entails the four Ps of the marketing mix: product, price, place and promotion.</p> <p>The goal is to learn the distinctive features in marketing implementation and management in a global scenario versus a more generic marketing approach. That is why the course presents the coordination among marketing plans in different markets, that will be fitting different levels of commitment and will involve specific investment, greater or lesser degree of contact with customers, which turns into a strategic concern.</p>

Objectives

The objective of the course is to provide the students with the concepts and tools required to prepare an excellent marketing plan.
