Copyright 2018

ISBN 9781032476193

502 Pages 24 B/W Illustrations

Published January 21, 2023 by Routledge

### **Description**

Comprising five thematic sections, this volume provides a critical, international and interdisciplinary exploration of employment relations. It examines the major subjects and emerging areas within the field, including essays on institutional theory, voice, new actors, precarious work and employment. Led by a well-respected team of editors, the contributors examine current knowledge and debates within each topic, offering cutting-edge analysis and reflection.

*The Routledge Companion to Employment Relations* is an extensive reference work that offers students and researchers an introduction to current scholarship in the longstanding discipline of employment relations. It will be an essential addition to library collections in business and management, law, economics, sociology and political economy.

### **Table of Contents**

General Introduction (Editors)

Chapter 1. Employment relations: older reflections and new horizons (Adrian Wilkinson, Tony Dundon, Jimmy Donaghey and Alex Colvin)

### **Section 1: Perspectives on employment relations**
