DATOS ESPECÍFICOS DE LA ASIGNATURA

Contextualización de la asignatura
Aportación al perfil profesional de la titulación
<i>Current International Issues from a Spanish Perspective</i> will analyze international issues and dynamics that have had an impact on Spain and the world. The international history of the country

and its evolution in terms on foreign policy will also be studied. The course will be divided in 3 main sections and to be further developed in a variety of themes. The first part will be centered on Spain as a global power. The second section will focus on global actors and the last part will analyze transnational challenges. This course is part of the program known as *Diploma International Relations from a Spanish Perspective*, offered by Comillas University. *Current International Issues from a Spanish Perspective* will analyze international issues and dynamics that have had an impact on Spain and the world. The international history of the country and its evolution in terms on foreign policy will also be studied. The course will be divided in 3 main sections and to be further developed in a variety of themes. The first part will be centered on Spain as a global power. The second section will focus on global actors and the last part will analyze transnational challenges. This course is part of the program known as *Diploma International Relations from a Spanish Perspective*, offered by Comillas University.

Prerequisites

Knowledge of European History, International Relations and Spanish Politics is desirable but not essential, as the course will include an introductory topic to the subject. To attend this course a level of C1 (advanced) English is required. Class attendance and participation are compulsory.
