IMPORTANT NOTES ON EVALUATION

1. Evaluation: First Exam Sitting

50% of the final mark is based on continuous evaluation, which reflects the student's performance throughout the course. The continuous evaluation mark, as its name indicates, is based on the work carried out throughout the course. Any assignment or evaluation task not submitted on the due date will be graded with a 0. The remaining **50%** of the mark is based on the exam.

In order to pass the subject, a student must obtain a minimum grade of 5 (50/100) on both the continuous assessment and the final exam as follows:

Continuous Evaluation 50% of the final mark

Exam 50% of the final mark

In the event that the student does not pass one of the above, the maximum final mark a student will be able to obtain is a **4.0** and the student will have to retake the exam and/or make up the work s/he has not done during the course at the next exam sitting.

2. Subsequent exam sittings

At the **second exam sitting**, the student will be examined on the part of the assessed material that s/he has not passed; i.e. the student will have to do a final written exam **and / or** a series of oral or written activities related to work not done during the course to evaluate whether s/he has acquired the competences established. If the student has passed the continuous assessment, that mark will be saved and averaged in with the final exam mark. **In the event that the student has not passed the continuous assessment, it will be the student's responsibility to get in touch with the teacher far enough in advance to be able to prepare any oral activity or writing assignment that s/he may be expected to prepare for the exam or to hand in on the day of the exam.**

At the **third and subsequent exam sittings** that take place in the following academic year, the student will be tested on all the material and no mark will be saved from the course or previous exam sittings.

3. Academic and Professional Integrity

Any assignment that is copied entirely or in part from any external source (e.g. Internet, a classmate, artificial intelligence applications like Chat GPT) without a proper reference, as determined by the professor, will receive a grade of 0.

According to Article 168 of the Reglamento General, any act of cheating or fraud on exams or other types of evaluation is considered an act of serious misconduct resulting in the loss of the right to sit the exam.

4. Compulsory Attendance

According to Article 93.1 of the Reglamento General a failure to attend more than a third of classes may result in the loss of the right to sit the exam. The student will receive as 'NP' (no presentado) as a grade.
